MISSION RISK LEVEL

3 / 5

ELEVATED

LOW — CRITICAL

Scored on TAM-C's 1 to 5 risk method. Held at Elevated for the full duration of the visit.

01 Key mission events

MOVEMENT — HIGH

Airport road blockade avoided

Analysts detected a transport union blockade on the main airport corridor 40 minutes before arrival. The detail rerouted through [redacted] and reached the hotel 15 minutes behind schedule.

SOURCE · REMOTE ANALYST

VENUE — ELEVATED

Protest outside a planned dinner venue

A crowd of roughly 200 gathered near the [redacted] restaurant on day two. The advance team moved the dinner to a vetted alternate venue and confirmed private entry and two exit routes.

SOURCE · ADVANCE TEAM

SURVEILLANCE — MODERATE

Repeat vehicle near the hotel

The same vehicle was logged near the hotel entrance on three occasions. Checks found it linked to a [redacted] ride service. Countersurveillance was kept in place and no further contact occurred.

02 Operating environment watch

INDICATOR	TREND	EXPOSURE
Express kidnap reports in business districts	▲ Rising	HIGH
Road blockades on airport corridors	▲ Rising	ELEVATED
Protest activity near government buildings	■ Steady	ELEVATED
Street crime near hotel zones	▼ Easing	MODERATE

03 Detail lead recommendations

01 Book arrivals outside the morning peak to reduce exposure on the airport corridor.

02 Keep a vetted alternate venue on file for every evening engagement in the city.

03 Limit public posting of the principal's schedule until each movement is complete.
