LOW CRITICAL

Scored on TAM-C's 1 to 5 risk method. One site briefly reached High during the fire.

01 Notable dispatches

HAZMAT — HIGH

Chemical fire 2 km from Rotterdam site

A fire at the [redacted] storage terminal released smoke over the port district. Authorities issued a shelter-in-place advisory for three hours. Site staff were notified by SMS within six minutes.

SOURCE · LOCAL AUTHORITIES

INFRASTRUCTURE — ELEVATED

Rolling outage hits Johannesburg offices

Unscheduled load shedding cut power to two client offices in Sandton for nine hours. Backup generation held at one site. The utility [redacted] warned that further cuts are likely through the weekend.

SOURCE · UTILITY FEEDS

CIVIL UNREST — MODERATE

March passes Paris office perimeter

A union march crossed the 1 km perimeter around the client's Paris office on Thursday afternoon. Police reported minor scuffles on the route. No disruption to the building or staff was recorded.

02 Asset perimeter watch

INDICATOR	TREND	EXPOSURE
Industrial incidents near logistics sites	▲ Rising	HIGH
Power and utility disruption	▲ Rising	ELEVATED
Protest routes crossing perimeters	■ Steady	MODERATE
Severe weather warnings at sites	▼ Easing	MODERATE

03 Analyst recommendations

01 Review shelter-in-place procedures with Rotterdam site leads after this week's advisory.

02 Confirm generator fuel reserves at both Sandton offices before the weekend.

03 Widen the Paris perimeter to 2 km during announced national strike days.
