ELEVATED

LOW — CRITICAL

Scored on TAM-C's 1 to 5 risk method across all monitored sites. Unchanged from the prior week.

01 Key incidents

CIVIL UNREST — HIGH

Protest march routed past client office

A union march of an estimated 6,000 people passed within 300 m of the [redacted] office in Paris. The desk alerted the site lead 40 minutes before arrival; staff exited through the rear entrance.

SOURCE · LOCAL MEDIA, OSINT

LABOR ACTION — ELEVATED

Port strike delays inbound cargo

A 48-hour dockworker strike at a Gulf coast port halted container handling. Two [redacted] shipments were held at anchor; the desk shared rerouting options and updated ETAs every six hours.

SOURCE · PORT AUTHORITY NOTICE

SEVERE WEATHER — MODERATE

Flash flood warning near a warehouse

A flash flood warning covered a [redacted] distribution warehouse in northern Italy. The desk pushed SMS alerts to the on-call manager and confirmed by phone that loading bays were cleared.

02 Watch floor status board

INDICATOR	TREND	EXPOSURE
Protest activity near client offices	▲ Rising	HIGH
Transport strikes affecting staff travel	▲ Rising	ELEVATED
Severe weather warnings at client sites	■ Steady	MODERATE
Crime incidents within 1 km of hotels	▼ Easing	MODERATE

03 Watch officer actions

01 Confirm alternate entry routes for the Paris office ahead of the next announced march.

02 Add freight forwarders to SMS dispatch lists for Gulf coast port incidents.

03 Review flood response steps with warehouse managers before the autumn rain season.
